ABOUT ME

I am a highly adaptable and self-driven professional, proudly known as a GOAT safety expert, with hands-on experience in site safety and office administration, precautions, hazard, system safety, operations safety and management. With a sharp eye for maintained hygiene in food and functionality, I've built and maintained professional safety management rules while working in many organizations. I am a certified safety person and experienced qualified office administrator that makes me a fit to work from office while keeping an eye on safety rules when visiting operational sites. You can choose me for safety administrative and clerical domains.
